Dear Sir or Madam

Essential Maintenance: A1 between Newark and Barrowby, Lincolnshire and Nottinghamshire

I am writing to let you know that we will be carrying out essential carriageway resurfacing work of the northbound and southbound carriageways of the A1.

This work is part of a package of essential maintenance work on the A1, A52 and A46. We will be working along the routes in a phased and co-ordinated manner. Working now will prevent bigger problems in the future, which would require even more work and cause unplanned unnecessary disruption.

When will this work take place?

We plan to start this work on 4 September and will finish on 30 September. To minimise disruption we will work overnight when roads are quieter, generally between 8pm and 6am.

Please note that all our planned roadworks are subject to change due to weather conditions or unforeseen circumstances.

How will it affect traffic?

To carry out this work safely, we will need to close the carriageway between the A46 at Newark and the A52 at Barrowby. We will only carry out work on one side of the carriageway at a time and will not close the northbound and the southbound at the same time. We will keep the carriageway open as normal during the daytime. I apologise for any disruption this may cause you.

During the closures, we'll put in place fully signed diversion routes through the A46 and A52. We will maintain access to individual properties and other properties that can only be accessed from the A1. Where side roads are closed onto the A1, local traffic will be expected to find an alternate route.

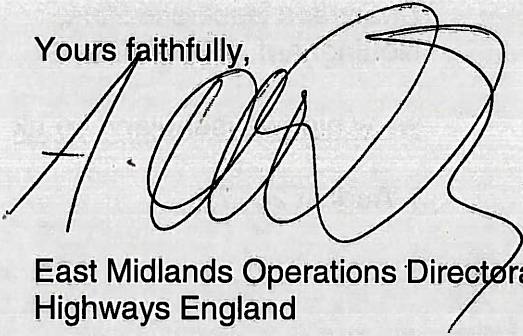

We have been and will continue to work closely with key local stakeholders in the area, including local authorities and businesses. We are eager to work with you to maximise opportunities to minimise disruption. We are happy to facilitate any additional work such as litter picking and other maintenance activities you may wish to carry out during our proposed road closure.

We will do our very best to complete the work as quickly as possible, keeping disturbances and noise to a minimum.

Contact us

If you have any questions about our work, please contact the Highway England Customer Contact Line 0300 123 5000. Or you can email us at info@highwaysengland.co.uk, for the attention of **East Midlands Asset Delivery**

Yours faithfully,
